PRESIDENT'S COMMENTS

Welcome Back! to all of our "winter Texan" friends. Hopefully, you had a wonderful summer visiting friends and family; however, many of you apparently had hotter weather than we did! We did have some rain as you can tell by all the flowers and the weeds!

A special thanks to all the full-time residents who assumed the responsibility of operating and maintaining HVR, including office personnel, during the summer months and the volunteers who planned the various activities.

Jim Reiland, President

HOW HOT WAS IT IN TEXAS??

- The birds had to use potholders to pull the worms out of the ground.
- The trees were whistling for the dogs.
- The best parking place was determined by shade instead of distance.
- Hot water came from both taps.
- You could make sun tea instantly.
- You learned that a seatbelt buckle made a pretty good branding iron.
- The temperature dropped below 95 degrees F (35 C) and you felt a little chilly.
- You discovered that in July it only took two fingers to steer your car.
- Your biggest motorcycle wreck fear was "What if I get knocked out and end up lying on the pavement and cook to death?"

- Farmers were feeding their chickens crushed ice to keep them from laying boiled eggs.
- The potatoes cooked underground so all you had to do was pull one out and add butter.

The November 22 Architectural Committee meeting has been cancelled. Requests for approval will be accepted by the committee and members will be notified of an alternate date for consideration of the request.

COMMITTEE AND ACTIVITY REPORTS

Activity Director

Please complete the required form for the Activity Coordinator (available at the office) so that your activity and the space required can be confirmed for the coming season. If a new chairperson will be handling the activity, his/her information should be submitted.

All proposed activities MUST be approved by the Activity Director in order to reserve time(s) and space and to ensure that conflicts do not arise. Activities are scheduled on a first-come first-served basis; however, activity chairmen may be consulted in regard to possible rescheduling of proposed activities to better serve the members of the association.

Chairpersons SHOULD NOT ASSUME that their activity will be automatically scheduled!! Every attempt is made to accommodate all events and activities. Chairpersons should consider the size of their group when scheduling use of the Annex. Also, the Clubhouse is large enough to accommodate more than one event during the same period of time. Special events and short-term classes take precedence over regularly scheduled activities, i.e. memorial services, birthday and/or anniversary celebrations. Said special occasions should be brought to the attention of the Activity Director as early as possible so that the regularly scheduled activity chairman can be so notified.

NOTE: Anyone scheduling an event in the Clubhouse should contact a member of the Maintenance Committee in advance of the event so that the air conditioning/heating can be adjusted accordingly. If the audio system is required, complete the applicable section of the Request for Scheduling Use of the Hall and the Audio Committee will be notified.
