### **President's Message**

#### **Changes, Challenges, and Goals**

Thank you to the Board of Directors and Officers for all you do, and to all the membership who support us. Thanks also to all the Park Volunteers who contribute your time. It doesn't go unnoticed.

We have had many changes this year and met many challenges along the way. With change comes opposition from some, but the majority can see the benefits of these accomplishments.

Progress is a natural thing. We can all refer to twenty years ago and say those times were good, but we can't regress. Some things that worked well in a small Park just starting out two decades ago simply no longer meet the needs of the current extensive and varied Park residents. We need to keep our eyes on the future needs of the Park, and your Board is focused on achieving success in that goal.

Safe travels to all as you head back up North and/or take a vacation across this great country of ours throughout the summer.

*Roger H. Giles*

### **NOT RECEIVING OUR WEEKLY E-MAILS ?**

If you are not getting regular weekly e-mails from the HVR Secretary, first check your junk mail or spam mail in your email reader to see if they are going there. Another possibility is we have an incorrect or outdated email address in our files. Please update it with us.

If you have questions please call Ray Fink at 402-733-8972 or email [Webmaster@hvrpoa.com](mailto:Webmaster@hvrpoa.com)

### **SUBMISSIONS FOR PUBLICATION**

Reminder that the publication deadline for notices of upcoming events for any month is the twentieth of the month before.

Why so early, we've been asked? That allows us time to type up the notices and move items around on the pages to avoid having "wrap-arounds" to the next column or next page, if at all possible. Then, once the final draft is approved/amended by one or more Board members, hardcopies are printed for distribution. The aim is to do all that a few days before the month actually starts. In that way, it won't be "too late" for those events to be noticed that happen on the first or second day of the month.

#### **Ways to submit an event notice:**

- Pass it to the office staff, who will place it in our wall folder. Items submitted must include a legible signature of submitter.
- Call or e-mail either one of us.
- Catch us around the Park.

## **SEEKING 20/20 VISION IN 2020**

LIFE should not be spent complaining about  
the material things you think you need, or ranting  
about someone whose opinion differs from yours.

LIFE is about the thousands of reasons to be  
grateful and happy:

**If** you have food to eat today, clean clothes on  
your back, and a roof over your head, you're  
better off than 75% of the entire world.

**If** you have a few dollars in your wallet, and  
the freedom to go anywhere you want, you are  
among 18% of the world's most fortunate people.

**If** you are alive today and healthy, consider  
yourself more fortunate than the millions of people  
who did not survive this past week.

**If** you can see and read this message, you are  
also more fortunate than the three billion people in  
the world who are blind or illiterate.

Every day, put your LIFE in perspective and  
give thanks for what you have. Enjoy your LIFE!

## **Jes' WONDERIN'...**

**FACT:** If all the blueberries grown in North  
America in one year were spread out in a single  
layer, they would cover the 790 mile four-lane  
highway that stretches from New York to Chicago.

So I was **jes' wonderin'....**  
.....Would that become the longest traffic jam  
ever?

## **CALLING ALL HVR VETERANS**

I was talking to an HVR Vet a few weeks  
ago, and he was relating some humorous pranks  
and antics that he saw or instigated. The more he  
told, the more I laughed and thought stories like  
these would make an interesting article for this  
November's Hidden Highlights newsletter. These  
would be along the lines of the *Humor In Uniform*  
feature in Reader's Digest.

So, any Vets willing to share some  
humorous antics or pranks they witnessed or  
instigated please share them with me asap as this  
needs to be readied before I head North mid-  
March. Talk to me, Folks!

## **Inter-Park CRIBBAGE TOURNAMENT**

willing to be in charge of next season's Tuesday

involves, call Judy Hamilton (584-6727).

## **THINKING OF RENOVATING?**

HVR owners wishing to make any exterior changes to their property (such as awning, deck, shed, concrete, etc) are reminded that, even throughout the Summer months, they must **first seek approval** of their plans from the HVR Architectural Committee, then obtain proper permits from the County. Packets which set out both the Park and County rules and regulations are available at the Office.

The Architectural Committee, chaired by Richie Smith, meets every Thursday 9am near the office.

**During the Summer months** (Apr-Oct), contact Robert Enloe at 7516 Par (402)213-5384 or Katy Saddler 7700 Bunker (417)860-3256 regarding questions, forms, or plan approval.

## **DID YOU KNOW....**

If you ever need to get out of the Park in the middle of the night for a medical emergency or early flight, and you don't have the means to open the gate, you can **drive over to Leisure's gate**. It automatically opens for any vehicle that slowly approaches it.

(Note: You can get out that way, but not back in.)

## **FRIDAY NIGHT JAMS    MAR 6<sup>th</sup>**

Food 4:00-5:30    Music starts at 5:30

This is the last meal offered for this Season's Jams. Thanks, Chefs! They'll be back next Fall.

\$6. Menu: Pulled Pork, baked beans, coleslaw, dessert, iced tea or coffee

"To go" containers welcome

**Note:** If you know of an HVR neighbor who is temporarily "under the weather", we would be glad to deliver a complimentary meal to them. Contact D. Ford (817)528-4905 or S. Post (320) 894-2802

(Note: Last meal, but not last Jam)

## **NO MORE HVR BREAKFASTS ?**

With the amount of preparation work required and for a continually declining clientele, our faithful cooks have decided to put their efforts elsewhere. We appreciate what Geri Sanders and Rita Cepress have done over the years. Thank you, Ladies.

Unless new volunteers are willing to step into the roles, HVR breakfasts have ceased.

## **UPDATE YOUR PROPERTY ADS**

### **(FOR SALE OR RENT)**

Postings of "For Sale" or "For Rent" ads for HVR Properties must be re-dated or re-written at least every 12 months or risk being removed from the hallway bulletin board and from the Binder by the Office. If you or someone you know has an older ad that is still valid, please re-date the ad or make a new one.

Due to bulletin board space, those **ads must be no larger than 5.5" x 8"** (1/2 sheet of paper). Posting larger ads or bending the rules by posting two half-page ads for the same location (such as one of photos and one of info) is unfair to other advertisers seeking a spot, and may result in having your ad completely removed.

Let's be fair to all advertisers.

PS: Ads from other Parks should be posted in the Laundry room.

## **MEDICAL EQUIPMENT**

Park residents in temporary need of crutches, a cane, a rolling walker, potty chair, or wheelchair, may borrow them free from the Office.

Everyone who hates getting speeding tickets raise your right foot.

## **ANDY Lander's Advice for Men:**

Dear Andy: I have trouble meeting women. I go to popular single bars, but I always strike out. Any advice?

**Andy here:** Maybe you should try going to Hobby Lobby, where the female to male ratio is about 20 to 1. But beware! Those women there are already looking at things they don't need.

Dear Andy: I'm 89 and starting to get old. I'm not as sharp as I used to be and my hearing isn't what it used to be, neither. My Doc told me they're both due to my age. (At least, I think that's what he said.) I'd like a second opinion.

**Andy here:** OK, here's my theories! As we age, our brains slow down when we need to recall facts, but that's because we have so much experience and as a result, we now know too much. Obviously, it takes more time to sort through all that information in our brains. People might mis-interpret that as we can't remember.

Furthermore, having that much information packed in our brains puts too much pressure on our inner ear, and THAT, my Friend, is why we also become hard of hearing.

Dear Andy: My wife keeps hounding me about my beer belly, and telling me that I should join a gym. I'd rather lift a beer than weights. Any advice on how to get her to stop?

**Andy here:** I'm with you, Bud (no pun intended there). I also hate to exercise. In fact, I actually hide from exercise. I think of myself as being in the Fitness Protection Program.

Dear Andy: Just wanted to share a helpful hint with yer readers. I wuz shopping, saw something, and Wham! This idea done come to me. I bought a new pair of them there shoes with memory foam insoles. Now I'll have no more problems forgetting why I walked into a room.

**Andy here:** Yeah, so let us know how that works out for you, Bubba.

## **KARAOKE**

Mar 3<sup>rd</sup> & 17<sup>th</sup> @ 7:00 pm Main Hall

Join us, whether to participate or just listen.

## **SCAVENGER HUNT RESULTS**

"I had a blast" "It was a lot of fun"

Six teams competed in the hunt, finding 20 household items (like a grapefruit spoon, safety pin, or pink nail polish) and taking 20 Park photos (such as a weathervane, aqua-colored shutters, or patriotic American rooster). The humor highlight came when one of the required item was a sexy pair of men's underwear, and the teams got quite inventive in their creations. You might catch the photo on the Clubhouse TV.

Plan on joining next year's Hunt.

## **PARK POKER RUN**

**Mon Mar 23 1 – 4 Starts/Ends in Clubhouse**

How about more much-needed fun in the Park? There are many variations for this game, and not all the specific details are finalized yet, but here's the basic premise:

Participants travel to five locations within the Park.

At each location, they draw a card from a deck and it is recorded on their tally score.

Mingle with the crowd while others are doing their draw. Share some munchies, whatever. Then, everyone moves on to the next designated location to repeat the process.

At the end of the Run, the participant with the best recorded poker hand wins!

Participants offer \$2 each, and THE ENTIRE AMOUNT COLLECTED will be awarded back to the winner in the form of a gift card. In this way, no Texas Gambling Laws are being broken. (That is, 100% is returned, and in a non-cash form.)

**Anyone who has ever done one of these Runs and has some advice or tips, contact me.**

**I'm also looking for a few large, uncluttered driveways which can be used as one of the 15-20 minute stops during the Run. Anyone?**

John C.

## **Jes' Wondering...**

FACT: As standard (or optional) equipment, most new vehicles have seats that heat up on cold days.

So I was **jes' wondering....**

Do you suppose they call them heated seats because REAR defroster was already taken?

## **FOOD GET-TOGETHERS**

Sign-up sheets for each are posted in clubhouse.

**NEBRASKA BREAKFAST:** Mar 3 8:30 am  
at Nomad Shrine Club 1044 Nolana Rd Pharr

**WISCONSIN BREAKFAST:** Mar 18 8:30 am

**PETER PIPER PIZZA:** Mar 19 11:30 am

## **POOL TOURNAMENT WINS**

Women's 8-ball Doubles Tournament (10 teams):

**1<sup>st</sup> place:** Sharon Burgeson & Jean Classon

Men's 1-15-8 Ball Singles Tournament (10 teams)

**2<sup>nd</sup> place:** Bob Kingery

Men's 1-15-8 Ball Dbl. Tournament (18 teams):

**2<sup>nd</sup> place:** Bill Hill & Bob Kingery

## **GARBAGE PICKUP**

The Monday morning garbage pickup seems to be much later in the day this season. This means residents do not need to put their bags curbside much before Monday mid-morning.

Not putting them out Sunday evening will stop the raccoons and prowling cats from tearing the bags apart and strewing contents all over your yard.

## **SUMMER RESIDENTS MEETING**

Monday Mar 23<sup>rd</sup> 9:30 am in Clubhouse

Full-time HVR residents are invited to come and offer ideas and make plans for summertime social activities, outings, pot-lucks and so forth.

## **RECYCLING PROGRAM UPDATE**

The Park, per se, has stepped back from getting involved with the expanded recycling program (exception: they continue to collect aluminum cans as they have for many years).

It seems the trailers, like all other Park property, are not allowed to leave the premises. Even if the current bylaw was revised to make the trailers an exception to that stipulation, our Lawyer has advised it would be too risky for insurance purposes. So, the Board decided to have the Park "bow out" of its involvement.

Both trailers have been sold. For the record, the newly acquired trailer was re-sold for the FULL purchase price to Barb & Gerald Childress.

The Childress' will recycle on their own and, as a friendly gesture to their neighbors, extend an open invitation to drop off recyclables and/or assist them in their sorting efforts on the recycling days.

**Items recyclable:** T,Th 8:00 – 9:30 am

Aluminum beverage cans (they remove the tabs for Shriners before putting cans in HVR's chute.)  
Cardboard, Newspaper, Other paper, Plastic (squashed, please, to save space), Glass bottles (rinsed), Tin cans (rinsed out and labels removed)

**Items NOT accepted:**

Styrofoam (incl, s'foam egg cartons), batteries, and Scrap Metal.

## **J'EVER NOTICE.....**

.....people just write CONGRATS because they can't spell Congrajulashins.

## **HVR DANCE 7 - 10 pm**     **\$7**

Mar 14<sup>th</sup>: Lindley Creek  
(This is the last dance of the Season.)

Website Reviews:

"Excellent Bluegrass family band"

"Great talent. Wonderful"

"Related well with audience"

"Excellent musicians"

## **SUMMERTIME YARD CARE**

Residents are reminded that **all lots** should be repeatedly cleaned of palm tree fronds and citrus fruit rotting on the ground. This deters bugs (ants and other creepy-crawlies) as well as rodents (mice and rats), which in turn attract snakes.

As well, weeds must be kept under control. It is surprising how quickly the summertime weeds will pop up through the gravel rocks and thrive, despite the summer heat.

Please **make arrangements** with someone to check on and maintain your Summer yard clean-up and weed control spraying as often as is necessary.

**Complete the office form** naming your "yard care" person. Without a contact name, you run the risk of forcing the Park to have to hire someone and send you the bill.

There are some yard-care service providers within the Park. Ask around for names. Be sure to collaborate with any provider regarding your expectations versus their actual services.

## J'ever notice...

....cows returning to a field overgrown with marijuana?

Talk about the pot calling the cattle back!

## Before you head back North...

For those who are heading back "Up North" in the next few weeks, here's some ideas to consider before leaving:

Give your **unwanted food** to the Food banks (including half-used jars of jam, etc.) Call Peggy Beckman 580-2010 for pick-up, or drop it off at 2413 Lost Greens.

Seal off **sink & shower drains** with a sturdy baggie full of water as a "plug" and put saran wrap over the **toilet bowl** to prevent evaporation.

Place **buckets of water** throughout the rooms, to provide moisture.

Consider keeping your **fridge on** at its lowest setting (and the freezer part off) and fill it with things affected by summer heat (spices, flour, pens & felt markers, batteries from clocks & remotes, medications & salves, envelopes)

Top up the batteries of your **golf cart** with water. Put cardboard under it to reduce discoloration damage from battery leaks.

If your **golf cart** stays outside, remove one tire or battery so thieves can't easily drive it away.

Use foil sheets, towels, and old sheets as extra **window shades** to reduce fading and **dust covers**.

Remove your outdoor umbrella-style **clothes dryer** to prevent sun damage/stretching of lines.

Call the **termite bug sprayer** to spray around your buildings. They do exist in this area!

Place **rat/mice pellets & traps** and moth balls under your skirting and on top of RV tires to deter varmints getting in. That's cheaper than replacing gnawed wires and hoses!

Make arrangements with someone to spray your yard for **weeds** and water your plants/trees.

Flip the switch off to your **water heater**. Why heat water when you're not here?

Turn off the **water supply** at the curb to reduce the risk of leaking pipe damage. Several residents have the tool for doing that.

If you do keep the water turned on, at least turn off the **toilet water valve**, located at the back of the toilet base. Water damage is costly!

Consider "**paying ahead**" on any water bill that comes due while you're gone. Add a few extra dollars in case of a rate change.

Notify your **credit card** companies that you're "heading home", so they can tag any possible unauthorized use of your cards in this area after your departure.

**Pray** before you leave, asking for protection over your property, and for safe travels.

**"Ask anything in My name; I will do it."**  
John 14:14

## Editor's Final Word...

### My Lucky Day

You're never going to believe how fantastic my day is going.

Early this morning, I got a call informing me that I was chosen to be the lucky inheritor of a hundred grand from Prince Tehronne the third. All I had to do was give him my bank account info and password and he would immediately transfer the winnings into my account.

Can you believe my luck?

Then, about a half hour later, I got another call from some health insurance company offering me free medical coverage for life. Just supplied them with my SSN number, DOB, and I was immediately enrolled in their plan. Yeah, they required \$500 for a one-time enrollment fee, but just think of the huge savings I will reap over the next several years.

Am I on a roll, or what?

So, I'm going to have to wrap up this month's newsletter, because I need to go anxiously wait by my phone for another call. As you all know, good things come in three's, right?

- 'til next Fall, John C.

PS: It's funny, but it's also sad to think there must still be unsuspecting people out there who believe these callers. Otherwise, these Scammers wouldn't still be making calls. Stay alert, Y'all!
