PRESIDENT’S MESSAGE

Wow! It seems like we were just gearing up for the winter season, and already some Winter Texans are packing up to head back up North! It seems the older we get, the more quickly time passes by.

It has been a good and encouraging Season:

- We have a full Board once again, which eases the work load on the other Board members.
- We have a team working on those Covenants/bylaws that require updating to bring them into compliance with new Texas laws. These changes will be presented to the members likely this Fall for their vote.
- We have many new Residents, many of whom are joining in on the various activities our Park offers. It’s good to see new faces participating and getting involved in the Park.
- We have many more Volunteers stepping up to the plate to lend a hand (although we can always use more!). As one example, we asked for volunteers to take all the tables out of the hall, scrub them down and put them back. We had about 8 people sign up but when the time came there were about 25. That’s so encouraging!

That’s Teamwork!. That’s the HVR we all knew when we first moved into the Park. Yes, there have been (and still are) a few hiccups along the way, but things are gradually returning to the “way we were”.

In my opinion, and I know many others agree, HVR is STILL the best Park in the Rio Grande Valley!

Assorted desserts and drinks.

COMEDY MOVIE

Mar 11th 1:00 pm Clubhouse \$1

Bring your own beverages and some finger foods to share. Popcorn will be provided.

SUMMERTIME YARD CARE

Residents are reminded that yard weeds must be kept under control. It is surprising how quickly the summertime weeds will pop up and thrive through the gravel rocks, despite the summer heat.

Please **make arrangements** with someone to check on fallen citrus fruit and to maintain your Summer yard cleanup and weed control spraying as often as necessary.

Complete the office form naming your "yard care" person. Without a contact name, you run the risk of forcing the Park to have to hire someone and send you the bill.

Here are some yard-care service providers who gave us their numbers. There may be others.

April Bowers 956-458-5693 Bill Polmanteer 904-742-8505

Donald Lester 417-676-0510

Note: This list is printed solely as a help and the Park assumes no claims or responsibility other than sharing their phone info.

Be sure to collaborate with any provider regarding what your expectations are versus their actual services.

OVERHEARD:

"I clean when I'm peeved off, so if you show up unannounced and my house is clean, you might want to reconsider your visit."

REBOOK YOUR ACTIVITIES:

This is a reminder to the Chairpersons of every regular scheduled activity that, no matter how many years it's "always been in that time slot", you **need to re-confirm that time slot** for the upcoming 2023-24 season.

Do not assume it will automatically be available when you return next Season.

TO BOOK ANY PARK ACTIVITY:

1. Pick up the appropriate request form at the front desk (or directly from the document rack on the wall).
2. Complete the form and return it to the activity file in the same rack.
3. Upon confirmation (or denial) from Board through the Activities Director, your form will be placed back in the appropriate file in the rack.

Do not just assume your activity is a "go" until you receive notification via your form being returned to the rack. Be patient. This process may take several days.

- Pat Hammond (Activities Director)

PENNY IN THE FREEZER ?

Are you planning to leave your home for a few days or week or even longer over the summer and are wondering if food items are safe in your freezer from a possible power outage? If you return to find your microwave clock flashing, you know your power went off, but you'd be unsure for how long.

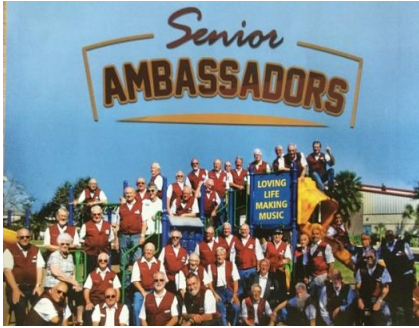

Was it a 3 second power fluctuation or a 3 day outage causing food to thaw and then refreeze. You can't necessarily check with your neighbours, as it might have been only your own fridge or freezer "acting up".

One simple solution is to put a glass of water in the freezer. Once frozen, place a coin on top of the water before you leave.

Upon your return, check the coin. If it's still lying on top of the water, everything is ok. If the coin is at the bottom of the glass, you know you encountered a longer power outage – one that warrants throwing out the thawed-and-refrozen contents of the freezer.

STRANGE ST. PATRICK'S DAY FACTS

- St Patrick wasn't Irish, but British. His real name was Maewyn Succat.
- His robes were blue, not green.
- There is no evidence he used shamrocks in his teachings.
- He didn't banish any snakes, despite the lore
- Pubs used to be closed on St Patrick's day.
- America led the way with parades in the 1760s. Ireland's first parade didn't happen until 1903.

In any case, whether you're Irish or not,.....

*May your troubles be less
and your blessings be more
and nothing but happiness
come through your door.*

CLEANING OUT YOUR FRIDGE?

As we come to the end of the season, the Askews are willing to receive partial bottles of condiments from your fridge. These will be placed outside the food pantry for folks to take.

Askews live at 7604 Eagle, just as Lost Greens turns east. Please do not leave perishable items outside if they are not home.

Thanks to all who donate. There is a great need in the area.

Questions: (336) 549-8805

ANDY Lander's Advice for Men:

Dear Andy: My wife has started eating those plant-based burgers, and she is insisting I do so as well. Do you eat those kinds of hamburgers?

Andy here: Yes, I eat plant-based hamburgers. From a meat-processing plant!

Dear Andy: My wife and I argued about the proper name for a group of crows. She says they're called a murder and I say a flock. What would you call a group of crows that stick together?

Andy here: Velcrows?

Dear Andy: My wife insists on my buying a GPS device for our old vehicle for an upcoming trip, but I don't think it's necessary. Do you use one?

Andy here: Mine came already installed in my truck, but the first thing I did was change the GPS voice to "male". Now it just keeps saying, "It's around here somewhere. Keep driving!"

THINKING OF RENOVATING?

HVR owners wishing to make ANY exterior
changes to their property (such as awning, deck,
shed, concrete, etc.) are reminded that they must
first seek approval of their plans from the HVR
Architectural Committee, then obtain proper
permits from the County.

Packets which set out both the Park and County
rules and regulations are available at the Office.

The Architectural Committee meets Tue 10am

**Over the summer, they only meet on a
"need-to" basis. Sign their sheet by the office
front desk and you will be contacted.**

IN CASE YOU MISSED THE NEWS...

H-E-B is back on top! The San Antonio-based
grocery chain has reclaimed the crown, dethroning
Amazon as the nation's top grocer!

Also, McAllen has been recognized as the third
safest USA city to live in after looking at data
regarding rates of violent crime, drug mortality
rates, and vehicular mortality rates.

Mayor Villalobos said, "This is because of
our law-abiding community and our hard-working
McAllen police officers who not only protect and
serve our community, its residents and countless
visitors on a daily basis, but have kept our crime
rate dropping each year for the past 38 years to a
level now lower than 90% of the cities across the
survey."

What's in a Texan Name?

The Rio Grande Valley area is comprised of
many small and medium-sized cities and places
with interesting name origins. Here's examples:

Rio Grande Valley: By definition, a valley is
between mountains or at least hills, and this area
has neither. RGV is more accurately a delta
region, so how did a delta become a "valley"? In a
word, marketing! Back in the early 1900s when
developers were selling acreage to Northerners,
calling the area a valley was a "powerfully
illusional" tactic that proved to be very successful.

South Padre Island translates to "Father's
Island", named for a Catholic priest, Padre Jose
Nicolas Balli. He inherited the island from his
grandfather who received it as a land grant in
1759 from King Charles III of Spain.

Brownsville might have been called
Texasville if the original fort built there had kept its
first name, which was Fort Texas. The makeshift
fort was quickly constructed in 1846 to lay claim to
the Rio Grande River as the southern border of
Texas. The Mexican army bombarded the fort and
Major Jacob Brown was killed, the first casualty of
the Mexican-American war. So, the fort was
renamed Fort Brown in his honor and the town
that grew up around it was named Brownsville.

Harlingen was named for the town of
Harlingen in the Netherlands. Its founder, Lon C.
Hill, thought the town's nearby river could become
a commercial waterway to the sea and the town
itself could be a city of canals similar to its
namesake in Holland. FYI, we pronounce the town
as HarlinGIN (like the drink), whereas the Dutch
say HarlinGEN (rhymes with WHEN).

Weslaco is an acronym. Founded by W.E.
Stewart, owner of the real estate company called
the W. E. Stewart Land Company. So you take
Stewart's initials and the first letters of Land and
Company and you get "Weslaco".

Edinburg was named for Edinburgh, Scotland.
Well, technically, named in honor of John Young,
a businessman from there. Both are university
towns, but are spelled differently and pronounced
differently, too. The Edinburgh in Scotland has
somewhat of a silent "g" and "h" at the end. The
one in Texas has no "h" but does pronounce the
"g". Don't know the reason for spelling and saying
it differently but, hey, this is Texas – it's what we
do, Y'all. We change spellings and/or
pronunciations and make them our own.

ATTENTION: HVR DRIVERS

(and UPS, PRIME, USPS, & FEDEX as well)

Please observe posted 15mph speed and STOP signs throughout the Park. This extends to bikes and golf carts. SLOW DOWN.

ATTENTION: NIGHT WALKERS

This is a reminder again to please, please **wear reflective clothing and/or use a flashlight** when you go walking after dusk.

We have had two near-miss incidences lately, and nobody wants that to happen to anyone!

Reflective straps like these can be purchased off Amazon for \$6-8. They adjust to any size and quickly slip over your head!

Consider buying one for your safety! See and be seen!

Walk on the left side of the street, facing traffic.
Use single file when cars are approaching.

SOME OTHER FRIENDLY REMINDERS:

Pick up after your pets. Non-Service Pets are not allowed in any HVR building.

Pick up any citrus fruit lying on the ground. Fruit needs to be picked up often, so as not to entice rodents, or allow potential new HVR buyers to see an unkempt Park.

If you notice an HVR item in need of repair or maintenance, please fill out a form found on the wall by the front desk. Let's nip small repairs in the bud before they become costly.

GOLF CART POKER RUN Mar 12th

RECYCLING PROGRAM

When? Every Thursday 7:30 – 9:00am

Where? Clubhouse Parking lot (north side)

Items recyclable:

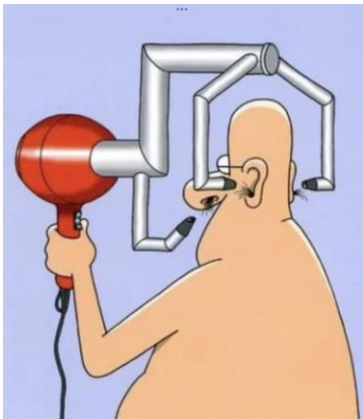

Aluminum beverage cans, Cardboard (flattened), Newspaper, Other paper, Plastic (squashed, please, to save space), Glass bottles (rinsed), Tin cans (rinsed out & labels removed)

Items NOT accepted:

Styrofoam, Batteries, Aerosol cans, Scrap Metal.

Recycling program continues through the Summer
Thanks to the Childress's and their helpers for this!

AND IF YOU DON'T RECYCLE, RE-PURPOSE IT:

BEFORE YOU HEAD BACK "UP NORTH"...

... here's a "to-do" checklist before leaving:

___ **Sink & shower drains** sealed off with a sturdy baggie full of water as a "plug" and saran wrap over the **toilet bowl** to prevent evaporation.

___ **Buckets of water** placed throughout the rooms, to provide humidity.

___ **Batteries removed** from clocks, remotes (TV, fan, CD player, gate,...),

___ **Golf cart batteries** topped up with water, and cardboard put under cart to reduce discoloration damage from potential battery leaks.

___ (If your golf cart stays outside), **removal of one tire** or battery so thieves can't easily drive it away.

___ **Hang foil sheets**, towels, and old sheets as extra window shades to reduce curtain fading and as furniture dust covers.

___ Storage of your outdoor umbrella-style **clothes dryer** to prevent sun damage and heat rotting and stretching the lines.

___ **Bug sprayer** called to annually spray around your foundations. Termites do exist in this area!

___ **Rat/mice pellets & traps** and moth balls placed under your skirting and on top of RV tires to deter varmints getting in. That's cheaper than replacing gnawed wires and hoses!

___ Arrangements made with someone to spray your yard for **weeds**, and water your plants/trees.

___ **Hot water heater** switch flipped off. Why heat water when you're not there?

___ Turn off the **water supply** at the curb to reduce the risk of leaking pipe damage inside. Several residents have the tool for doing that.

___ If you do keep the water turned on, at least turn off the **toilet water valve**, located at the back of the toilet base. Water damage is costly!

___ Consider "**paying ahead**" on the MUDD water bill that comes due while you're gone. Add a few extra dollars for rate fluctuations.

___ **Notify Credit card** companies that you're "heading home", so they can tag any possible local unauthorized card use after your departure.

___ **Pray** before you leave, asking for protection over your property, and also for safe travels.

"Ask anything in My name; I will do it." John 14:14

Have a great Summer, Everyone!
